

ENERGY MEDICINE AND BIORESONANCE WORKSHOP

5-DAY CLINICAL PRACTICUM

LARNACA, CYPRUS

Trainer: Dr George Georgiou, Ph.D.,N.D.,D.Sc (AM)

COURSE TIMETABLE

DAY 1

9.00– 10.00 AM – Welcome Introductions, What is Energy? The Schumann Wave and Brain and Heart, Heart and Toroid, Dr Emoto, Cymatics and the Cymascope, What is Resonance, What is Bioresonance, Famous Bioresonance Researchers.

10.00 – 11.00 AM - Basic function and technical workings of the DETA PHARMA and PROFESSIONAL. Setting up, environment, Pharmaceutical Selector, Connecting for VRT (Vegetative Reflex Testing), What is Homeopathy and Nosodes.

11.00 – 11.15 AM – COFFEE BREAK

11.20 – 12.00 PM – Making homeopathics and autosodes using the PHARMA and PROFESSIONAL. Using the Pharmaceutical Selector and Algorithms, as well as the Resonator plate using ampoules. Using and interpreting Quadrant Testing.

12.00 – 1.00 PM – Diagnosing using Bioresonance VRT testing and the Pharmaceutical Selector. The proper technique of VRT bioresonance testing

1.00 – 2.15 PM – LUNCH BREAK

2.15 – 3.45 PM – **Practicum:** Setting up the PHARMA and PROFESSIONAL for VRT bioresonance testing and Quadrant diagnosis.

3.45 – 4.00 PM – COFFEE BREAK

4.05 – 5.00 PM – Setting up for Basic Bioresonance Therapy (BRT). VRT Testing related to potency of ampoules or algorithms. Rules for using filters. Treating allergies with BRT. Treating with Autosodes and Pharmaceutical Selector.

5.00 – 5.15 PM – COFFEE BREAK

5.15 – 6.00 PM – Treating with Electromagnetic Therapy and Pharmaceutical Selector. Quantum Light Therapy.

DAY 2

9.00 – 10.00 AM – Revision for setting up the PROFESSIONAL for Bioresonance diagnostics (VRT), Basic BRT, Quadrant Testing, Electroacupuncture Therapy.

10.00 – 11.00 AM – Practicum: Setting up the PROFESSIONAL for Complex Therapy. Copying Homeopathics from vials. Using Autosodes during Bioresonance Therapy (BRT). Difference between Nosodes and Organo-Preparations.

11.00 – 11.15 AM – COFFEE BREAK

11.20 – 1.00 PM – Practicum: Setting up the PROFESSIONAL for Basic Bioresonance Therapy (BRT) and treating each body quadrant. Practicing Bioresonance Diagnostics (VRT)

1.00 – 2.15 PM – LUNCH BREAK

2.15 – 3.45 PM – Practicum: Setting up the PROFESSIONAL for Electromagnetic Therapy, Quantum Light Therapy, and Complex Therapy and conducting a treatment session.

3.45 – 4.00 PM – COFFEE BREAK

4.05 – 5.00 PM – Practicum: Practicing VRT Diagnostics for Food Intolerances and Organ Systems.

5.00 – 5.15 PM – COFFEE BREAK

5.15 – 6.00 PM – The importance of Food Intolerance Testing and how best to get set up for this. What comes first when seeing patient for first time. Prioritizing Testing protocols.

DAY 3

9.00 – 10.00 AM – Testing “difficult patients” and how best to overcome difficulties. The significance of the indicator drop. The proper techniques for VRT diagnostics (demonstration by trainer).

10.00 – 11.00 AM – Conducting pathogenesis testing to determine underlying causative factors. How to use different levels or multiple ampoules for determining the pathogenesis of disease.

11.00 – 11.15 AM – COFFEE BREAK

11.20 – 1.00 PM – Practicum: Practicing VRT diagnostics to determine the pathogenesis of disease using the Pharmaceutical Selector. Practicing identifying food intolerances using the Resonator Plate and food ampoules.

1.00 – 2.15 PM – LUNCH BREAK

2.15 – 3.00 PM – Using the Pharmaceutical Selector and the Algorithms provided in the manuals to determine testing for Parasites, Protozoa, Bacteria, Fungi, and Viruses and Candida. Testing for organ systems and sub-systems, determining degree of Inflammation and Degeneration in organ systems, determining the Degree of Toxicity and Blockages in the Mesenchyme.

3.00– 3.45 PM – Practicum: Practice finding algorithms using the manuals and using VRT diagnostics to test using the Pharmaceutical Selector. Testing for parasites, protozoan, bacteria, fungi, viruses and Candida.

3.45– 4.00 PM – COFFEE BREAK

4.05 – 5.00 PM - Measuring Adaptation and Energy Reserves, Measuring the Biological Index – the Health of the Mesenchyme, Measuring the Photon Index, Measuring the DNA Index – the Biophysical and Biochemical condition of the DNA, Measuring Psychological and Psychoneurological Stressors, Measuring Geopathic, Electromagnetic, Radioactive, Heavy Metal Stress, Measuring Nutritional Deficiencies.

5.00 – 5.15 PM – COFFEE BREAK

5.15 – 6.00 PM – Practicum: Set up PROFESSIONAL to treat Food Intolerances using the Resonator Plate and producing a homeopathic food antigen.

DAY 4

9.00 – 10.00 AM – Practicum: Setting up PROFESSIONAL to treat Allergies using the Pharmaceutical Selector and producing Autonosodes, setting up for producing homeopathics from ampoules and the Pharmaceutical Selector.

10.00 – 11.00 AM - Using the Deta Professional for Bioresonance/Electromagnetic/Quantum Light/Complex Therapy revision. Introduction to the DEVITA AP and RITM, and the MINI AP and RITM.

11.00 – 11.15 AM – COFFEE BREAK

11.20 – 12.00 PM – Programming the AP and RITM and MINI AP and RITM using the DEINFO USB and the in-built SD card.

12.00 – 1.00 PM – Practicum: Working with the PROFESSIONAL – using bioresonance diagnostic testing (VRT) for determining organ system stressors, the health of the mesenchyme, the Photon Index and the DNA Index.

1.00 – 2.15 PM – LUNCH BREAK

2.15 – 3.00 PM – Introduction to the COSMO and the MINI BRT devices. How to successfully use these with your patients.

3.00 – 3.45 PM – Introduction to the DEPULS+ and how to use this in clinical practice for monitoring treatment progress.

3.45 – 4.00 PM – COFFEE BREAK

4.05 – 6.00 PM – Practicum: Using the PROFESSIONAL to test for Adaptation and Energy Reserves, Geopathic, Radioactive, Electromagnetic stressors, Nutritional Deficiencies, Gastrointestinal Tract.

DAY 5

9.00 – 10.00 AM – The importance of identifying and treating Systemic Candidiasis. How to identify using VRT and how to successfully treat.

10.00 – 11.00 AM – The importance of identifying heavy or toxic metals and how to successfully treat.

11.00 – 11.15 AM – COFFEE BREAK

11.20 – 12.00 PM – How do we initially assess a new patient – how to prioritize diagnostic and treatments. What initial treatments would work most successfully with most patients – the art of the Alkaline Detoxification Diet, Gallbladder Flush, Parasite detox, Heavy metal detox – best approaches based on decades of clinical experience.

12.00 – 1.00 PM – Testing for Electromagnetic Stress and successful methods for treating this using Tachyon Energised products.

1.00 – 2.15 PM – LUNCH BREAK

2.15 – 3.00 PM – Questions and Feedback (using anonymous Feedback Form to assess the workshop, trainer, environment etc).

3.00 – 3.45 PM – Revision of major material covered last few days.

3.45 – 4.00 PM – COFFEE BREAK

4.00 – 6.00 PM – **Final Exam:** Short 30-question written exam covering all aspects of the workshop. Followed by a practical exam based on setting up and using the PROFESSIONAL for various aspects of treatment.
